

"In Whom We Have..."

The 1st point of contact with this verse is to note the location of the blessing (In Him).
What does this mean, "In Him?"

Remember, the Understanding of God's Mercy Over my Judgment is the Key and Entrance Into.

You are not "in Him" because you Speak in tongues...

You are not in Him because you go to a 501 c 3 Religious Service...

You are not in Him because you are a good person.

You are in Him when you believe on Him to be "in." God's Kind Intention. The Word Revealed. Jesus Christ. The forerunner of YOU!

"Redemption through His Blood"

We are talking Outreach through Sacrifice.

This should put into question every attempt of outreach that omits sacrifice... You know, the kind of Outreach that invites you to their local group meeting as a means to "win your soul."

It's like people think that their Building of Meeting is magical or something... Like the Revelation is in the walls or something.

Faith comes by Hearing.

When was the last time your testimony cost you something in order to demonstrate it? Modern Christianity don't even consider such a thought as main stream. Passing out fliers is more effective.

Redemption is a powerful Word.

Jesus Gave Us All an Example We Can See

Go and Follow in His Steps.

If your testimony (Spirituality) has not put you on a cross with the Religious (carnal thinking) than you may not have a testimony.

In the world there is always persecution, but "in the Revelation" there is PEACE.

"The Forgiveness of Sins..."

The release from guilt.

The removal of Condemnation.

The separation from your lower self.

Sin will keep you from Hearing liberty.

Straight up.

The forgiveness of sin is the removal of the issue that keeps you from Hearing.

Uncut.

Faith Arise!

His Outreach opened our ears because His Outreach took away the guilt.

The law is terrible to the guilty.

The law is Safety to the Free.

The law is a task master to those under it.

The law is a guide post to those who are above it.

The waters above the Firmament and the waters beneath the Firmament.

The Firmament stands as an image of the law.

To be forgiven... Is to be released.

We have been redeemed (bought back into fellowship with Truth)

Through The Sacrifice that His Testimony Produced.

That Sacrifice was the sacrifice of the law.

The law Condemns it does not forgive.

The Testimony in Christ Speaks of Better Things than Condemnation.

Now there is a challenge for you.

Go And Do Likewise!
